

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. THE STATE BOARD OF CHARITIES.

The State Board of Charities was created in 1867, and became a constitutional body January 1, 1895, under the provisions of article VIII of the Constitution of the State of New York, which was adopted in 1894. This article of the Constitution provides that the State Board of Charities shall visit and inspect all institutions, whether State, county, municipal, incorporated and unincorporated, which are of a charitable, eleemosynary, correctional or reformatory character, including institutions for epileptics and idiots, and all reformatories (save those in which adult males convicted of felony shall be confined), and excepting institutions for the care and treatment of the insane, and for the detention of sane adults charged with or convicted of crime, or detained as witnesses or debtors.

The Constitution also provides that the members of the Board shall be appointed by the Governor, by and with the advice and consent of the Senate, that all the existing laws relating to institutions above mentioned, and to their supervision and inspection, in so far as such laws are not inconsistent with the provisions of the Constitution, shall remain in force, and that the Legislature may confer upon the Board any additional powers. It further provides that while payments by counties, cities, towns and villages to charitable, eleemosynary, correctional or reformatory institutions, wholly or partly under private control, for care, support and maintenance, may be authorized but shall not be required by the Legislature, no such payments shall be made for any such inmate of such institution who is not received and retained therein pursuant to rules made by the State Board of Charities.

The Commissioners comprising the Board are twelve in number, and are appointed for the term of eight years, one from each of the nine judicial districts of the State, and three additional members from the city of New York. The Commissioners are required to reside in the districts and city from which they are respectively appointed, and no Commissioner can act as such while a trustee, director or other administrative officer of any institution subject to the visitation and inspection of the State Board of Charities.

Each Commissioner is paid actual expenses necessarily incurred while engaged in the performance of the duties of his office, and receives, as compensation, \$10 for each day's attendance at meetings of the Board, or of any of its committees, not exceeding in any one year the sum of \$500.

The chief officers of the Board are a president and a vice-president, elected annually from its members.

The principal duties of the Board are to visit, inspect and maintain a general supervision of all institutions, societies or associations which are of a charitable, eleemosynary or correctional character, whether State or municipal, incorporated or unincorporated, made subject to its supervision by the Constitution and the statutes of the State. Other duties are to establish rules for the reception and retention of inmates, to approve or disapprove the organization and incorporation of all institutions which are or shall be subject to the supervision of the Board, to license dispensaries, supervise the placing out of dependent children, secure the just, humane and economic administration of all institutions subject to its supervision; advise the officers of such institutions in the performance of their official duties; aid in securing the erection of suitable buildings for the accommodation of inmates in such institutions; aid in securing the best sanitary condition of the buildings and grounds of all such institutions, and advise measures for the protection and preservation of the health of the inmates; aid in securing the establishment and maintenance of such industrial, educational and moral training in institutions having the care of children as is best suited for inmates; investigate the condition of the poor seeking public aid and advise measures for their relief; administer the laws providing for the care, support and removal of State, nonresident and alien poor, and the support of Indian poor persons; collect statistical information in respect to the property, receipts and expenditures of all institutions, societies and associations subject to its supervision, and the number and condition of the inmates thereof, and of the poor seeking public relief.

The Board is required to report to the Legislature annually. Its seal is the arms of the State surrounded by the inscription, "New York — The State Board of Charities."

NOTE.—The information given in this directory of charitable departments, institutions, societies and associations is gathered mainly from reports filed with the Board by the officers of such departments, institutions, societies and associations.

The * used in connection with dispensaries indicates that no report is required because no public money is received; but, because of the license granted by this Board, they are subject to inspection and the data used is secured from the reports of the inspector.

Bureau of Dependent Adults.—Superintendent, George W. Meeks, foot of East Twenty-sixth street, New York City.

The Children's Bureau.—Superintendent, Frederick E. Bauer, 66 Third avenue, New York City.

The Children's Bureau investigates cases of children who, if found to be legal residents of the city and destitute, are com-

mitted to institutions. Upon application for a child's discharge from an institution, a thorough investigation is made, and if everything is satisfactory, the discharge is recommended. It examines all monthly or quarterly bills sent by institutions for the care of children, and transmits the same to the Finance Department.

The Bureau of Dependent Adults issues all permits for admission to hospitals of this Department, not accident or emergency, also passes to visit the various institutions on Blackwell's or Randall's Islands. From here all foundlings and sick, destitute, feeble-minded and idiotic children are committed to Randall's Island, and feeble-minded women and children, idiots and epileptics are sent to the different State institutions. Destitute persons who are stranded in New York city are properly disposed of. Application is here made for admission to the New York City Home for the Aged and Infirm, Blackwell's Island.

STATE CHARITIES AID ASSOCIATION.

CENTRAL OFFICE, UNITED CHARITIES BUILDING,

105 East Twenty-second Street, New York City.

Established, 1872; incorporated September 15, 1882.

Objects.—1. The improvement of the mental, moral and physical condition of the inmates of all public charitable institutions in the State of New York; and especially of those in State institutions, county and city almshouses.

2. To induce the adoption, by the community at large, of such measures in the organization and administration of both public and private charity as may develop the self-respect and increase the power of self-support of the poorer society.

3. To aid directly, or through its local committees, in the care of destitute adults; and destitute, neglected, and other children needing care, by placing them in families, and by exercising an oversight over those who have been placed in families, and by such other methods as from time to time may seem to be desirable.

To these ends the Association, an unofficial, volunteer organization, composed of citizens who desire to secure for their public institutions of charity the best possible administration, shall, as far as may be thought practicable, aid and coöperate with the official State Boards of Charity and Lunacy, and shall report to them annually.

Governing body.— Board of Managers.

President.— Hon. Joseph H. Choate, New York City.

Secretary.— Hon. Homer Folks, New York City.

Treasurer.— Edward W. Sheldon, New York City.

The Central Association has Standing Committees:

a. On the care, training and disposition of children who are public charges, and their supervision when placed out in families.

b. On the repression of able-bodied pauperism.

c. On hospitals, for improving the construction, organization, and administration of public charitable institutions.

d. On the insane, for securing for all the dependent insane within the State the best care and the most skillful medical treatment.

This Association has local visiting committees in fifty-one counties.

It maintains at the central office an AGENCY FOR PROVIDING SITUATIONS IN THE COUNTRY FOR DESTITUTE MOTHERS WITH INFANTS and a BRANCH FOR PLACING OUT DESTITUTE CHILDREN IN FAMILIES.

On October 1, 1906, the Association had under the oversight of its various branches and committees, 1,199 children who were placed out in families with or without payment for board or were with their mothers in situations. Of these children, 402 were in free homes and 567 with their mothers in situations.

Receipts for the year ending September 30, 1906, including balance on hand (\$538.75), \$22,393.73; expenditures, \$20,820.49; balance on hand October 1, 1906, \$1,573.24.

1. The first step in the process of the development of a new product is the identification of a market need. This is often done through market research, which can be conducted in a variety of ways, including surveys, focus groups, and interviews. The goal of market research is to identify the needs and preferences of potential customers, and to determine the size and growth potential of the market.

2. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $\epsilon \rightarrow 0$. It is shown that the solutions of the system (1) converge to the solutions of the system (2) in the sense of the weak convergence in the space $L^2(\Omega; \mathbb{R}^n)$.

1. What is the purpose of the study? The purpose of the study is to determine the effect of a new drug on blood pressure.
